How your documents are held. Encrypted in transit and at rest, scanned for malware on upload, and visible only to you and the staff assigned to your file. Every open, download and share is logged. FORM 8879 · IRS E-FILE AUTHORIZATION

One signature, and we file.

The IRS requires us to prove it was really you. That is the identity check below — not a credit application, and it does not affect your credit.

8879

IRS e-file Signature Authorization

Federal · 2 pages · prepared 8 September

Read it

IDENTITY CHECK · STEP 1 OF 3

Which of these lenders held a mortgage in your name?

Generated from your credit file. Pick the correct answer — or “none of these,” which is sometimes right.

☐ Cardinal Trust Bank

☒ Meridian Home Lending

☐ Fairwater Savings

☐ None of these

Continue

You get three attempts. If the questions do not work — and for some people they never do — we switch you to a handwritten signature and nothing is lost.

AFTER THE IDENTITY CHECK

Read the return

Completed 8 September

2

Verify your identity

Three multiple-choice questions

3

Draw or type your signature

Both spouses sign separately

4

We transmit the return

Usually within one business day

What we keep. IRS Publication 1345 requires the signed form, the date and time, your IP address, the login used, the identity-verification result and the signature method, held in a tamper-proof record for three years from the later of the due date or the date the IRS received the return. The app records all of it automatically.

Three things changed from last year

- The rental went from a loss to a profit**
Halcyon Row was let for the full year. Schedule E swings \$9,100.
- You bought equipment in November**
Expensed in full this year rather than depreciated. Worth \$2,780 to you.
- Pennsylvania is new**
Two months of on-site work created a non-resident filing there.

DENISE R. · YOUR PREPARER

Messages

Questions about your filing, answered where the documents already are. No email, no attachments floating around.

DR

DENISE · 2 SEP, 9:14

I have the closing disclosure — thank you. One question: was the Halcyon Row property let for the whole year, or was there a vacant stretch after the tenants left in March?

YOU · 2 SEP, 9:31

Vacant for six weeks, then relet from mid-May. I can dig out the new lease if that helps.

MW

DR

DENISE · 2 SEP, 9:38

The lease would help — upload it whenever. Six weeks vacant while it was *available* to let does not cost you the deduction, so this is good news rather than bad.
